

## ANNUAL FERPA NOTICE

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within forty-five (45) days after the day the School receives a request for access.

Parents or eligible students should submit to the school administrator a written request that identifies the records they wish to inspect. The school administrator will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write the school administrator, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A "school official" is a person employed, contracted, or volunteering at the School in an administrative, supervisory, academic or support staff position, including but not limited to, school employees (whether employed directly by the Board or by a third party on behalf of the Board); a member of the school law enforcement unit, which consists of the School Leader; a person with whom the School has contracted to perform a special task (i.e. Attorney, auditor, outside consultant); a person serving on the Board. A School official has a "legitimate educational interest" in an education record when the official needs to review the record in order to fulfill his or her responsibility on behalf of the School, such as when the official is performing a task that is specified in his or her job description or by a contract agreement or other official appointment; performing a task related to a student's education; performing a task related to the discipline of a student; or providing a service or benefit relating to the student or student's family, such as health care, counseling, assisting with the

college application procedure; any other purpose that the Board deems necessary as related to a student's education. Upon request, the School discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202

Release or inspection of student records will be handled in accordance with the Board of Director's Student Records Policy.

It is the policy of OHDELA not to release any personal information such as names, home address and phone numbers to outside agencies or requesting parties without the direct written consent of the Parent or guardian or as otherwise required by law, such as military recruiters, etc. Unless a Parent/Guardian - or adult student (18 years of age or older) - notifies the School in writing that the Parent/Guardian or adult student permits the distribution of any personal information, the School will not release the information. Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. **The School has designated student names and grade levels as directory information and will use such information in school publications, social media publications, recognition lists, programs and/or student directories.** If you do not want the School to disclose any or all of the information designated above as directory information you must notify the School in writing. Please see the Ohdela Handbook for a sample notification.
